## PRODUCTION FACILITIES

- Well-organized facilities complemented by a well-equipped tool room.
- Equipped with an extensive R&D unit.
- CAD and finite element analysis facilities.
- Highly sophisticated & well equipped laboratory.

## INFRASTRUCTURE

- Automatic Metal Ribbon Sawing Machines
- Automatic hole deepening Machines
- Annealing Furnaces
- Shot Blasting Machine
- Cold Forging Press
- CNC Turning Center
- Automatic SPM Machines
- Gas Carburizing Furnaces
- Duplex Grinders
- Centreless Grinders
- Super Finishing Machine
- Honing Machine
- Cylindrical Grinder
- Surface Grinder

## PISTON PINS

- Range starts from 12 to 75 mm diameter pins.
- Capacity that touches an astounding figure of 1 million units per annum.
- Machine Shop hear again the Piston Pins undergo various processes of finishing before attaining the final quality outlook.
- Inspection is carried out properly to ensure that quality is maintained at all levels for optimized performance.
- To augment the Manufacturing Facilities, Koma Products (India) is armed with the latest Gas Carbonized Heat Treatment facilities for achieving optimum results. At the floor, we have world class Duplex Grinders, Centreless Grinders and Super Finishing Machines.

## FIELD OF APPLICATIONS

- Heavy Combustion Engines.
- Diesel Engines and Gensets.
- Automotive Industry.
- Agricultural Industry.
- Other Heavy Industrial Engines.
- Compressor Engines.
- Cars Engines.
